25X1		On 12 August 1952, the farmers who previously cultivated the former Bautzen airfield were requested to finish harvesting at the field by 15 August. The former airfield was surveyed, and a large area was staked off prior to 12 August. It was rumored that the residents of Litten had to move to another place because Litten is located inside the boundaries of the future airfield. Negotiations about improvement work at the field were started with the Bauunion Bautzen, *
